

We appreciate the continued support of the mayor and members of City Council. We are very proud of our expansion proposal; however, we have heard the voices of our fellow Franklin community residents. Strauss is currently evaluating alternative paths to expand our production capacity. As part of these efforts, we are exploring a sale of the land on Loomis Road that was originally purchased to construct the greenfield facility. In doing so, we ask that the City give us time and work with us to find the right occupant for the land.
